In passato, soprattutto in ambienti rurali laddove si disponeva di pochi materiali edili, si ricorreva ad elementi costruttivi eterogenei. Si utilizzavano in relazione alla reperibilità pietre di campo, ciottoli di fiume, mattoni e coppi di risulta di costruzioni più antiche. Nascevano così delle splendide composizioni murarie miste, ricche di fascino.

In past time, mainly in rural atmospheres whereby were available few building materials, heterogeneous constructive elements had to resort. Field stones, river pebbles, dismantled bricks and bent-tiles of more ancient constructions were used according to the facility to be found. Splendid mixed building compositions, rich in glamour were born.

Pannelli in pietra ricostruita riprodotte il tipico sasso di fiume.

Forme prettamente tondeggianti con superfici levigate, danno bellezza a questo rivestimento antico.

Indispensabile nelle composizioni tipo "Rurale", trova impiego nei muri misti insieme a mattoni e alle pietre a spacco.

Remade stone panels reproducing a typical river pebble.

Pure forms with smooth surfaces beautify this ancient coating.

Essential in rural compositions, It is employed in mixed masonry works together with bricks and split stones.
